Joseph W. Shelor, Esq., is announced in this week's paper as a candidate for Trial Justice of Wagoner Township.

Rev. H. Milton Allen, of Spartanburg, will preach in the Wallhalla Baptist Church on the second Sunday in September at 11 A. M.

Capt. J. P. Mickler, of West Union, says he is prepared this season to pay as much for cotton as any town this side of Columbia. Can any one in Wallhalla say the same thing?

The names of two candidates appear in this week's issue—Dr. Thos. L. Lewis for County Treasurer and W. W. Moss for County Commissioner.

H. S. Vandivier, Joseph W. Shelor and Elias Jenkins have been appointed by the Governor Commissioners of Election for Oconee County.

The regular monthly concert of prayer for foreign missions will be held in the Baptist Church on next Sunday night at the usual hour for church services.

Rev. A. P. Nicholson, of Laurens, is visiting relatives and friends in Oconee, and will preach at Bachelors' Retreat on next Sunday morning at 11 A. M., D. V.

Married, on Sunday evening, August 29th, 1880, in the Wallhalla Baptist Church, by Rev. J. P. Smeltzer, Mr. Geo. PICKNEY COBB to Mrs. SALLIE JANE SLOAN, both of Oconee County.

Rev. S. L. Morris, who has been recruiting his health and strength amid the mountains of North Carolina for the past few weeks, has returned and will fill his regular appointment in the Presbyterian Church on next Sabbath morning at 11 A. M.

Mr. W. J. Strubling, of Westminster, is said to have the finest cotton in the county. A gentleman informs us he counted upon an average stalk of cotton in his field a few days ago 143 bolls, blooms and squares.

"I have nothing to say against General Hancock. I have known him for forty years. His personal, official and military record is good."—U. S. Grant. "Write down the very best things you can think or say of General Hancock as an officer and a gentleman and I will sign it."—General W. T. Sherman. So they all say.

We understand that Mr. S. P. Davenport, of Laurens, is thinking of moving to Wallhalla for purposes of health and education. His wife, Mrs. Jane Davenport, has for some time been the guest of Rev. A. W. Moore and has experienced decided benefit in her health from her climate. Our community will gladly welcome Mr. Davenport and family into our midst.

Miss ANANDA MORGAN, having just returned from Spartanburg, where she has been attending the exercises of the State Normal Institute, would inform her patrons that she will re-open her school in West Union on Monday, the 6th of September. Returning thanks for their past patronage she feels prepared to guarantee even greater satisfaction than heretofore given.

The Fork Baptist Association will meet with the church at Westminster, on the Air Line Railroad, nine miles West of Seneca and nine miles South of Wallhalla, on Tuesday after the third Sunday in September. By special request Rev. Wm. Henry Strickland, of Anderson, will preach the introductory sermon at 11 A. M. Tuesday. Preaching every day at 11 A. M., the Association adjourning for these services.

The weather for several weeks has been exceedingly sultry for the season, and we have had frequent rains, there having been very few days of clear weather for ten days, and so far but little good fodder has been saved. On Tuesday evening and night heavy showers fell at Wallhalla and appearances indicate a wet spell.

The political cauldron is getting hot. Another Radical Convention was held here last Monday with closed doors. No one was admitted but such as had tickets. The convention elected R. A. Frazier and Jackson Henderson delegates to the State Convention. Our county, with a handful of Republican voters, will thus have two delegations in Columbia.

Would it not be well for all our merchants, on the 15th instant, to close their stores from 9 o'clock A. M. to the close of the speaking and give the day to the cause of the country? It would be time well spent and might work the accomplishment of good in getting many to attend the meeting who otherwise would not. We throw out the suggestion and hope some action will be taken in the matter.

Thomas E. Patterson was arrested last week, near Westminster, under a warrant, for the murder of Charles W. King, near Waterloo, in Laurens County, some twelve years ago, and is now in jail at Wallhalla. He has confessed the killing, but claims that it was done in self-defense. The arrest was made by A. C. Nelson, Special Deputy Sheriff of Laurens County, assisted by Detective W. H. Henderson. The prisoner will be transferred to Laurens for trial. The act had passed out of the mind of the public, but it seems that it had not passed out of the mind of the avenger.

Dr. J. P. Smeltzer has been improving his school rooms very much during vacation, which improvement will contribute a great deal to the comfort and convenience to his various college classes. The Doctor informs us that the prospects for his young college during the next session are very flattering. Several young ladies from abroad are expected.

The Duo West Presbyterian says: Mr. John A. Johnson, who has been teaching for the last two years a very flourishing school at Fair Play, Oconee County, has received an appointment as Principal of a high school at West Point, Union County, S. C.

Senator Butler has placed at the disposal of the Commissioner of Agriculture a limited supply of improved winter wheat, which was furnished him by the United States Department of Agriculture as his Senatorial quota. Hurrah for the 10th instant! Soda water and cigars. R. E. Norman & Bro. will run both of their soda fountains on that day—one near the speakers' stand and the other at their drug store or near Biemann's hotel. Only five cents for an ice cold glass of soda water. Their stock of cigars, cigarettes and tobacco cannot be excelled in price or quality. Use Kaquitta Indian Worm Pellets; price ten cents. A full stock of Wagoner's preparations on hand. Norman's black ink is the best. Samples shown on application.

Astronomers say that some time in September the earth will be in direct line between the sun and Jupiter, the largest planet of the solar system, and this, too, when Jupiter is in that part of its orbit nearest the sun. We are told that this condition of the earth will produce great disturbance upon it. It will be as if it was pressed by two great orbs, the smallest of which is fourteen hundred times larger than the earth. We are told to look out for intense heat, earthquakes, destructive cyclones, terrific thunder storms and rain.

The August number of the Southern Musical Journal, published by Ludden & Bates' Southern Music House, Savannah, Ga., has besides its great variety of musical reading matter, Mendelssohn's beautiful song, "The First Violet," which true musicians will appreciate; "Pleasant Thoughts," mazurka, by Kinkel, easy and pleasing; and the lovely sacred melody, "Elo as a Bird," which has given comfort to so many sick souls. The Hancock Red Shirt Company met at the Court House on Saturday afternoon, August 21st, for the purpose of re-organizing. The following officers were elected to serve during present campaign: Captain—Joseph W. Shelor; 1st Lieutenant—S. K. Dandy; 2d Lieutenant—John Gaillard; Secretary—V. L. Norman; Flag Bearer—Wm. Ervin, p. c. It was resolved to hold a meeting on next Saturday, the 4th inst., in full uniform, for the purpose of drilling and co-operating with Wagoner Democratic Club in their meeting on Saturday next to make the necessary arrangements for the grand mass meeting on the 10th.

There will be a Union Sunday School celebration at the Block Sunday School on Saturday, the 11th September, 1880. The place is situated at the forks of Mallen's Ford and Bachelors' Retreat roads. There will be several addresses made on the occasion. The public are invited.

T. D. LONG, Secretary.

The Duo West Presbyterian says: Rev. W. C. Neville, a Licentiate of the South Carolina Presbytery, who has been supplying Rev. Mr. Pearson's church since his illness, delivered his farewell in a few kind and touching words to the congregation at Long Cane last Sabbath. Next Sabbath will be the last at Greenville Church. Mr. N. has faithfully and modestly performed all the difficult duties pertaining to this charge. And those people will not soon forget him; well also will the people of our town remember the days he spent here with pleasure and gratification. Mr. Neville will leave next week for Princeton, N. J. May success attend his laudable efforts.

There was a bale of cotton sold in town on last Friday, August 27th, by Mr. Hezekiah Neely at 11 cents per pound. On Saturday four bales were sold at about 10 1/2 cents.

A protracted meeting has been going on at Malone's Commissary about two weeks. Twelve or fifteen persons have been added to the church.

Mr. Manning Sloan's pet coon ventured up a tree near the postoffice the other night, and accidentally fastening the chain which he had been tied to some of the branches, swung off and was found next morning responding to each gentle breeze.

Mr. Stanton now occupies his new and commodious store room and will be prepared ere long to fully accommodate the trading public.

The Messrs. Pullens, of Fair Play, speak of commencing business here this fall. We hope they will do so. Seneca will give them with all others a hearty welcome.

Seneca has improved nearly fifty per cent. during the last spring and summer. What other town in the up country can claim such an improvement.

We made a trip to Martin's Creek to day. We saw, among other things, a roversound gentleman busily engaged pulling out the fleecy locks of the king.

An interesting meeting is going on at Friendship Methodist Church.

The County Campaign.

The Executive Committee of the Democratic party of Oconee County recommend that the campaign in the county be opened by public meetings at the following times and places, to wit:

Mount Taber, Thursday, September 9. Westminster, Saturday, September 11. Seneca City, Monday, September 20. Pleasant Hill, Saturday, September 25. Holly Springs, Monday, September 27.

W. J. STRUBLING, Secretary.

The Radical Convention of Greenville County met in the Court House last Saturday, fourteen townships being represented by fifty-one delegates, twenty-one white and thirty colored. After the organization delegates were elected to the State, Congressional and Judicial Conventions, A. Blythe, Esq., being one of the delegates to the State Convention. The delegates to the Congressional Convention were instructed to vote for A. Blythe for Congress. A motion to the effect that County officers be not nominated was adopted. The material of the Convention showed there had been a fusion between the Radicals and Greenbackers.

ANDERSON, August 30.—At the Republican Convention here to day Parker, the County Chairman, attacked the present administration and read the last appropriation act showing the extravagance of Democratic rule. Col. E. B. Murray replied, bringing in the appropriations under Messrs. and Chamberlain and completely silencing Parker, who remarked that he had nothing further to say.

Ex-Senator Cochran was induced to address the meeting after urgent calls, the County Chairman and the Republicans agreeing that Colonel Earle, of Sumter, should speak, provided Mr. Cochran would reply.

Mr. Earle made a staunch and effective speech.

Mr. Cochran advised and urged the Republican party of the State, through the delegates from Anderson, to devote their entire attention to national issues, making no nominations for State officers whatever. He said nothing but defeat would be met by any effort to resurrect the party in this State. That many of the leaders were men without character and could command no respectable following. He said it before and he would say it openly now, that the present Republican leaders of the party had been effectually killed in 1870, and any efforts put forth to revive it through them would simply be the work of designing men solely for the purpose of personal advancement. He advised the Republicans to support the Garfield ticket, claiming that the National party was one of respectability and led by intelligent men. Mr. Cochran told the colored people that their only hope for political advancement in this country was to cease making race issues, hold off from party alliances in State matters and allow the Democratic party to divide itself, and then between the different wings their rights would be more sure of protection, as is the case to day in Georgia, where the Democratic party is divided beyond hope of reconciliation.

Several questions were put to Mr. Cochran by Chairman Parker, and finally Parker asked him as to the last question, whether as Chairman of the joint investigating committee he had found anything against R. B. Elliott?

To this Mr. Cochran replied by citing one point only, that of a fraudulent warrant for \$5,000 on the armed fund forced fund, made out for alleged expenses incurred in trying to arrest the murderers of Randolph, when no such expense was incurred and the names used were fictitious. This was approved of by R. B. Elliott in the Adjutant and Inspector General's Department, the original of which, he said, could be seen in Secretary Sim's office.

With this Mr. Cochran closed, and Parker arose and stated to the Convention that, with the information just received, he was constrained to decline the position of County Chairman, to which he had just been recommended, saying he could not consent to serve when such a man as Elliott was Chairman of the State Executive Committee. This unexpected turn of affairs threw consternation over the Convention, and a motion to adjourn was immediately adopted.

Special Notices.

Who would be so cruel, so unnatural, as to refuse to buy one bottle of Shriver's Indian Vermifuge, when he knows that worms are destroying his child? This is no trifling matter.

ATLANTA, GA., November 9, 1879. DR. C. J. MOFFETT—Dear Sir: I cannot too strongly recommend your Teething (Teething Powders) to mothers as one of the best medicines they can obtain for their debilitated and sickly infants. I have used it with very satisfactory results the past summer with my own child, and while we have heretofore lost a child or two from teething under other remedies, our present child has taken Teethingina is a fine healthy boy. Its merits is certain to make it a standard family medicine for this country for the irritable condition of teething and bowel disorders of children of all ages. I am, very respectfully, A. P. OVER ONE HALF of the male portion of the American people 45 years of age suffer more or less with diseases of the kidneys and bladder. There are various causes for this, but over work is the chief cause. Nothing in the whole materia medica is so well calculated to invigorate and restore healthy tone to these organs as Rankin's Compound Extract of Buchu and Juniper. A few doses taken occasionally will greatly benefit all those who are afflicted with any disease of the kidney and bladder. Prepared only by Hunt, Rankin & Ranar, druggists, and for sale by Norman & Bro.

ATLANTA, TRUMP CO., GA., July 4, 1879. I am one of the unfortunate sufferers from gravel or disease of the kidneys and find more and speedier relief from Rankin's Buchu and Juniper than anything I have ever tried. I esteem it so highly were there but one bottle in the world I would willingly give \$100, or any amount for it. I recommend it above all other similar preparations. E. T. WINN.

THOUGH SHAKING LIKE AN ASPEN LEAF, with the chills and fever, the victim of malaria may still recover by using this celebrated specific, which not only breaks up the most aggravated attacks, but prevents their recurrence. It is infinitely preferable to quinine, not only because it does the business far more thoroughly, but also on account of its perfect wholesomeness and invigorating action upon the entire system. For sale by all druggists and dealer generally.
